HOOVER CITY SCHOOLS

CODE OF STUDENT CONDUCT

This document has been published for the 2018-2019 school year and supersedes all previous Code of Conduct information.
Message from Superintendent Dr. Kathy L. Murphy

Dear Hoover City School Student,

It is my pleasure to be your superintendent! My role as school district superintendent is to support you, to encourage you, and to ensure you receive the best education possible. While serving you is an obligation for any superintendent, serving you is much more than an obligation for me . . . it is an opportunity that I embrace. Being a part of your life, albeit a small part, gives me great purpose and great satisfaction. There is no greater calling for me than to be your supporter, encourager, and insurer of a GREAT education in this terrific school district.

The Code of Student Conduct is, as the name implies, a system of rules regarding your conduct while at school or when attending school-related events. The Code of Student Conduct, by design, explains the reasonable expectations that your principal, teachers, and I have for you. The rules are there to ensure your safety and that of all students. While we may not always like the rules, rules make our schools safer and rules better position you for success.

When we talk about school rules, we should also talk about your rights. While you have a right to disagree about a rule, you do not have the right to break the rule. If you violate the rule, you have a right to due process. Due process guarantees that you have the right to be heard in sharing your side of the story. After hearing you and after investigating the matter, the principal or principal designee will determine appropriate next steps which may include sanctions allowed under the Code of Student Conduct.

I have three requests of you this year which are the same requests I had for my own daughter when she was in school.

(1) Attend school every day unless you have a valid, excused reason for being absent;
(2) Behave and conduct yourself in compliance with all rules; and
(3) Take your “A Game” to school every day by engaging, studying, absorbing, and learning!

I look forward to the best school year ever, and I look forward to celebrating your many successes along the way!

Best Wishes for a Fantastic School Year,

Dr. Kathy Murphy
EQUAL EDUCATIONAL OPPORTUNITIES

(Board Policy 6.6) No student will be unlawfully excluded from participation in, be denied the benefits of, or be subjected to discrimination in any program or activity offered or sponsored by the Board on the basis of race, ethnicity, color, disability, creed, national origin, sex, immigrant or migrant status, non-English speaking ability, or homeless status. All career and technical education opportunities are offered to all students regardless of race, color, national origin, sex, or disability. The district also provides equal access to the Boy Scouts and other designated youth groups.

Dr. Debra Smith, Federal Programs Director
Dr. Tera Simmons, Title IX Coordinator

Enrichment/Gifted Notice

Gifted/enrichment students are those who perform at or who have demonstrated the potential to perform at high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

Teachers, counselors, administrators, parents/guardians, peers, self, or any other individuals with knowledge of the student’s abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist.

For each student referred, information is gathered in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services.

To make a referral, contact the enrichment teacher at your child’s school.

STUDENT DISCIPLINE- CODE OF CONDUCT

INTRODUCTION

The Hoover City Board of Education requires that school personnel will operate the schools in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students in the District. To accomplish these goals, students and school personnel must work together in a school environment that is characterized by mutual respect. Positive Behavior Interventions Support (PBIS) emphasizes the promotion of safe, respectful, resourceful and responsible behaviors. The emphasis of the discipline approach shall be on the prevention of inappropriate student behavior and the development of individual responsibility. Even though discipline does not appear as a subject in the curriculum, it underlies the entire educational structure. Discipline is recognized as the training that helps students develop self-control, character, orderliness, efficiency, and effectiveness. Therefore, the Board views discipline as the key to good conduct and appropriate consideration for other people. Principals, teachers, and other school personnel have both the authority and the duty to take appropriate action whenever student behavior is not consistent with established rules of conduct.

Principals and teachers of the schools shall develop reasonable, proper, and specific rules for students. Such rules are detailed in the Code of Student Conduct. Principals shall be responsible for ensuring that students, parents/guardians, and staff members have been informed regarding pertinent student policies and procedures. Rules and regulations shall be disseminated to students, parents/guardians, and staff. Student handbooks, faculty handbooks, school newsletters, PTA/PTO/PTSO meetings, and classroom instruction are some of the ways that can be used to accomplish this task. These documents are available through district and local school websites.

Hoover City Board of Education students and their property are subject to all the rules and regulations of the Hoover City Board of Education during the school day, during school-sponsored activities, while on or in School Board property and facilities, while being transported on school buses, and at times and places, including but not limited to, school-sponsored events, field trips, athletic functions, and other school-related activities. All regulations and prohibitions also apply to automobiles and other property brought onto Board property. In addition to the foregoing, application of this Code of Student Conduct may be extended to the immediate vicinity of the school, as well as before, during, and after-school hours when and where student conduct could have a detrimental effect on the health, safety, and welfare of other students and the school or where the conduct could otherwise disrupt the educational process.

We want to reassure you that student safety is our first priority. As such, student behavior involving drugs, alcohol, weapons, or violence will be subject to serious disciplinary consequences and will be reported to the School Resource Officer or other law enforcement authorities if appropriate.
STUDENT RIGHTS AND RESPONSIBILITIES

The Board views the school as a place where students have the opportunity to experience academic and social success. Success contributes to positive student self-esteem, which, in turn, translates into positive student behavior. By providing opportunities for students to learn concepts, practice skills, and reinforce learning, a positive environment shall be created which promotes academic and social success.

The total school program focuses on developing each student into a competent, self-disciplined and self-directed learner of good character. Thus, emphasis is placed on teaching responsibility for one’s behavior, modeling the behaviors desired of students, and identifying and resolving inappropriate behaviors. At all times, discipline is built within an atmosphere of self-respect, respect for others, and respect for the learning environment.

School policies are intended to allow for opportunities for students to develop self-discipline while providing boundaries within which individuals find emotional and physical security. It is essential that all persons (students, school personnel, and parents) accept responsibility for their actions. It is equally important that inappropriate behaviors be appropriately confronted and redirected.

Students must understand that, while these policies provide a means for resolving misconduct or inappropriate behaviors, certain violations will result in removal from the regular instructional program. In all such cases, and throughout all other phases of school activities, students and parents have a right to expect assistance from and professional involvement with school personnel.

Students, parents, and staff must work cooperatively to support the rights of students while helping students accept responsibility for their academic and social growth.

The Board authorizes the Superintendent to establish procedures to accomplish the intent and spirit of Board policies related to student rights and responsibilities.

DISCIPLINE PROCESSES

Violations of the Code of Student Conduct are generally grouped into categories of increasing severity- Class I Offenses, Class II Offenses, and Class III Offenses. Because the Code of Student Conduct applies to all students in Hoover City Schools, kindergarten through 12th grade, administrators determine the level of the offense and disciplinary consequences based on multiple factors, including the age of the student, and have the discretion to apply the disciplinary process accordingly.

Some problems are best handled by classroom personnel without resorting to the more formal procedures contained within this Code of Student Conduct. Accordingly, each classroom teacher may deal with general classroom disruption by taking in-class disciplinary action, by making oral or written contact with the child’s parent or guardian when feasible, and by
scheduling conferences with parents, guardians, and other school staff. If the action taken by
the teacher is ineffective or the disruption is, in the teacher’s judgment, sufficiently severe, the
student may be referred to the principal or his/her designee.

When a student is referred to the principal or his/her designee, the principal will have the
discretion to determine the nature and classification of the offense committed by the student.
Each student will be allowed due process to provide an explanation – to admit or refute any
charges – prior to any final disciplinary action taken.

For any offense for which an in-school parent conference is required, it is the parent’s or
guardian’s responsibility to make arrangements for the conference within twenty-four (24) hours
of being notified of the problem. The administrator will advise the parent/guardian whether a
conference is required before the student returns to school.

For offenses which are being investigated as a Class III offense, the principal or designee
should apprise the student of the suspected or pending charges and should provide the student
with an opportunity for due process to admit or refute those charges. Any charges involving
alcohol, drugs, weapons, violence, or a suspected crime may result in intervention by law
enforcement authorities. Any items of a dangerous or illegal nature may be confiscated and
turned over to law enforcement authorities immediately.

Student misbehaviors that occur during school, on school property, on school buses, or at
school-sponsored or related events are serious and require administrative intervention. While
some misconduct would require repeated violations to be considered “serious,” a single incident
of other misconduct may warrant serious consequences. Students who break the law will also
be reported to the police. Law enforcement action or the lack thereof does not dictate or govern
school disciplinary action.

Procedural due process, to the extent of its applicability in any particular situation, shall be
afforded students prior to imposing consequences. Due process afforded shall be
commensurate both with the gravity of the offense and with the severity of the contemplated
penalty.

The Board expects all school personnel, including bus drivers, lunchroom personnel,
custodians, office staff, and substitutes to be treated with respect and dignity. It is imperative
that the teacher be in charge of the class; anything less would lead to a poor educational
opportunity for all. All schools in the Hoover School System operate on a "closed campus"
policy. This means students must stay in the school building or on the campus from the time
they arrive, even if the daily schedule has not begun, until they are dismissed. All staff
members are responsible for the supervision of students anywhere on school property as well
as at any school activities away from school property and have the authority to require students
to meet behavior expectations. Hoover City School students who fail to follow the discipline
policy on all Hoover City School property, while riding on a Hoover City School bus, or
participating/attending extracurricular activities on or off campus will be subject to the Code of
Student Conduct.
Students are expected to behave in a respectful, responsible, and resourceful manner while traveling on a Hoover City School bus. Any behavior that has the potential to compromise bus safety will be considered a serious violation of these behavior expectations.

**Discipline Processes Follow Three Levels of Responses: Classroom, Office/Administrative, and Alternative Placement/Expulsion.** This document organizes disciplinary infractions into these three categories with consequences for each category limited to the specific consequences.

**Discipline Process: Classroom Management Level- Class I Violations**

The greatest opportunity for students to demonstrate self-esteem, self-discipline, and respect for others occurs in the classroom under the direction of the classroom teacher. Teachers shall implement effective instructional strategies and best practices in classroom management. Continual teaching, combined with feedback of positive student behavior will decrease unnecessary discipline and promote a culture of productivity, safety, and learning.

When a student shows a lack of respect for established rules, teachers shall assist the student in recognizing the inappropriate actions, identifying the rule the student is breaking, and developing a plan for making more appropriate choices. Specific teacher management and consequence options for Class I violations include:

- Redirection and verbal warning
- Ask student to take a break to calm down
- De-escalation techniques
- Teacher/student conferences
- Teacher/parent/guardian conferences
- Teacher/student/parent/guardian conferences
- Counseling services
- Instructional support will be used as is appropriate in an attempt to redirect student behavior.
- Loss of privileges
- Tier 2 interventions with Problem Solving Team involvement

Classroom management will prioritize a learning environment that is safe and supportive for all students and faculty.

Teachers shall apply logical, appropriate consequences for student misbehavior, including, but not limited to, immediate intervention, student conferences, parent/guardian conferences, loss of free time, and before and after school detention. A Class I, classroom managed infraction must be reported to the parent before resulting in a Class 2 Violation.

**Discipline Process: Administrative Level- Class II Violations**

The principal is ultimately responsible for the orderly operation of the school program. The principal, with the assistance of his/her staff, will maintain an atmosphere or climate within each school that will support and allow for a strong teaching/learning environment. **Class II, office**
managed violations require students to be removed from the classroom and will be implemented consistently according to the outlined procedures. Additionally, repeated Class I violations may lead to a Class II violation under “2.25 Multiple or Continuous Class 1 Offenses” as listed below:

<table>
<thead>
<tr>

This process allows for instruction during disciplinary practices which take time. Students are able to demonstrate that they have learned to behave in a more positive manner. Consequences which require students to attend school during non-school hours will be assigned with adequate student/parent/guardian notification prior to the sanction, and transportation will be the responsibility of the parent/guardian.

Consequences for inappropriate conduct may include, but are not limited to, the following and should be matched to severity of infraction:

- Administrative Intervention
- Required parent conference
- Detention
- Restitution for damages of HCS property
- Tier 2 and referral to Problem Solving Team
- Counseling
- Bus Suspension
- Friday Night/Saturday School
- Intensive School Supervision (ISS)
- Long term ISS
- Loss of driving privileges
- Out of School Suspension (OSS)
- School Assigned Community Service
- Limit access to or revoke technology

A principal has the authority to prohibit any item or action that he/she deems interferes with maintaining a safe, orderly, or effective learning environment. Such specific prohibitions should be communicated to staff, students, and parents as soon as possible after the administrative decision is made.
Discipline Process: Possibly Alternative Placement or Expulsion
The assignment of all disciplinary consequences is the responsibility of the school administrator. Class III violations are sometimes unlawful behaviors which will be referred to SROs including, but not limited to drugs, weapons, alcohol and criminal threats.

Possible disciplinary consequences for Class III violations include:

- **Alternative School Placement (2C)** - days must be earned according to established behavior system
  - 1st offense: 45 days
  - 2nd offense: 90 days
  - 3rd offense: 180 days
  - Base school will coordinate transitional support with 2C.
- Recommendation for expulsion
- Notification of law enforcement officials as appropriate and as the law requires
- Permanent removal from school bus
- Restitution for HCS property
- Limit access to or revoke technology

Special Role of School Resource Officer
The School Resource Officers assigned to Hoover City Schools assist school officials with school safety. Their role is to build relationships with students, teach them about the law, and serve as a positive role model. The day-to-day conversations and interactions between students and the School Resource Officer are not to be construed as “interviews” and do not require prior parent approval. For any violation of the Code of Conduct that is a crime or potentially a crime, the School Resource Officer will operate in his/her capacity as a law enforcement officer.

SAFE AND DRUG FREE SCHOOLS

Hoover City Schools is committed to providing learning environments free from alcohol, drugs, controlled substances and weapons. The Code of Conduct includes serious consequences for those who violate its provisions relating to drugs, alcohol, controlled substances and weapons. The possession, sale, attempted sale, attempted possession or any other involvement with tobacco, drugs, alcohol, controlled substances, or dangerous instruments/weapons will not be tolerated and will subject the violating individual to immediate disciplinary action up to and including expulsion. Such prohibition applies not only to firearms, guns, deadly weapons or dangerous instruments carried by a person, but extends also to said prohibited items in automobiles, personal items such as purses or backpacks, or otherwise in the actual possession of any person. Any violations regarding firearms will result in involvement by appropriate law enforcement authorities and will result in a recommendation to the School Board for expulsion. Per State law, safety drills including severe weather, fire, and active shooter are periodically completed at the required time points.
APPEALS
Students charged with and disciplined under Class I or Class II procedures will not have the right to appeal any decision beyond the local school level.

Class III consequences may be appealed to the Superintendent or designee. Procedures for appealing Class III consequences are defined in the Code of Conduct under the heading “Complaints, Grievances, and Appeals.”

Class III offenses resulting in an expulsion recommendation by the Superintendent to the Board of Education may be appealed to the Board prior to Board members voting on the expulsion recommendation.

COMPLAINTS, GRIEVANCES AND APPEALS FOR DISCIPLINARY CONSEQUENCES

The primary purpose of this procedure is to provide for prompt and equitable resolution of students’ complaints and grievances. These procedures can also be used by students for complaints on the basis of sex or disability.

Students charged with and disciplined under Class I or Class II procedures will not have the right to appeal any decision beyond the local school level.

Class III consequences may be appealed through the process defined below.

Level One – The resolution of a grievance through free and informal communications as close as possible to the point of origin is encouraged. A student or parent with a grievance must first take it in written form to the school principal. The principal will review the grievance with the school administrative team and apprise the student or parent either by meeting, phone conversation, or follow up email of the outcome of the appeal.

Level Two – In the event the aggrieved person is not satisfied with the disposition of his grievance at Level One, he may file an appeal with the Superintendent or designee. Within ten (10) school days from receipt of the grievance, the Superintendent or his designee shall arrange a conference with the aggrieved person to discuss the appeal or render a written decision if the appeal can be resolved at that point. Once the Level II Appeal investigation is complete, the Superintendent or designee will meet with the student and parent in person or by phone to share the outcome of the appeal, and the parent will receive a written summary of investigation. If the parent is unable to meet with the Superintendent or designee in person, the summary of investigation will be mailed to the parent. While every effort will be made to resolve the appeal, a Level II Appeal may not reach an outcome for up to two weeks after the initial appeal conference.

Level Three – In the event that a principal recommends expulsion for a student and the Superintendent concurs that the recommendation is appropriate, the aggrieved person has the
right to appeal the recommendation for expulsion to the Board of Education. The Board will set a hearing date within a reasonable time. When the Board renders a decision on the appeal, the aggrieved person will be provided with a written response.

General Information

Parent(s) elect whether or not to have a representative or legal counsel accompany the student at any level of the appeal process. The parent may be asked to submit the facts of the appeal or additional information requested in written form prior to meeting at any level in the process. The parent will receive a written decision at the conclusion of each level of the appeal process.

The grievance procedure must be initiated at the level at which the grievance occurred, and all requirements specified must be observed by students and school officials. For the discussion and consideration of a grievance, attempts will be made to select a time and place which will not interfere with regular scheduled classes or school-related activities. The faculty and administration shall make an honest effort to resolve student grievances as quickly as possible at the most immediate level of supervision.

THREAT ASSESSMENT PROTOCOL

The purpose of this protocol is to establish a procedure for members of the Hoover School System and community to work together to recognize and assess threats of violence in a school setting and, if possible, to prevent acts of violence from occurring. The protocol is intended to help school administrators and law enforcement officials identify credible threats of violence, establish procedures for addressing them, and develop guidelines for follow-up once a threat has occurred.

Threatened Act of Violence: Any threat or action that suggests the possibility that serious physical injury or death may be caused to another.

Procedure: The following procedure is separated into several sections to highlight the responsibilities of different members of the school community.

1. Any student, parent or guardian, or school staff member, upon receiving information that a person is threatening to commit an act of violence, shall:
   ♦ Assume the threat is serious;
   ♦ Immediately report the threat to a school administrator or law enforcement officer;
   ♦ Take measures to preserve the evidence;
   ♦ Be available and cooperative in providing a statement of information, with the understanding that the information source will remain anonymous to the greatest extent possible.

2. Any school administrator, upon receiving information that a person is threatening to commit an act of violence, shall:
   ♦ Assume the threat is serious
   ♦ Arrange for threat assessment interviews to be conducted

3. The SRO/police officer, upon receiving information that a person is threatening to commit an act of violence or upon notification from a school administrator that a threat to commit an act of violence has occurred, shall:
   ♦ Assume the threat is serious;
♦ Immediately notify a school administrator and provide complete information;
♦ Work with the school administrator to make arrangements for the threat assessment interviews to be completed.

**Threat Assessment Interviews**
The primary purpose of the interviews are to engage in an assessment of the available information in an attempt to determine the veracity of the threat in order to decide what level of follow-up action is needed and appropriate.

♦ The school administrator will make arrangements for the threat assessment interview to be conducted at the time of the threat or as closely to the time of the threat as possible.
♦ Administrators will work with law enforcement personnel to determine an appropriate time to conduct the assessment if law enforcement determines there is need/cause for immediate removal of the student from the school campus.

Once the assessment is complete, the SRO/police officer and school administrator shall convene privately to discuss the threat and consider options for further assessment and follow-up action. If the result of the threat assessment indicates that the threat is credible, school administrators will follow standard procedures regarding disciplinary actions for the student, notification of the parent, etc. Hoover City Schools will cooperate with law enforcement and diligently seek criminal prosecution for any incident involving threats of violence.

If the result of the threat assessment indicates that the threat is not credible, the school administrator will determine if any further action is necessary and contact the parents/guardians of the students involved in the incident.

**RESTRAINT & SECLUSION NOTIFICATION AND PROCEDURES**

**Procedures for Implementing Seclusion and Restraint of All Students**

The Hoover City Board of Education utilizes physical restraint in a manner that complies with the Alabama State Board of Education rule 290-3-1-02(1)(f). Physical restraint, as defined by the state rule, may be used in situations in which a student is an immediate danger to himself or to others. Designated faculty and staff are provided with training in the appropriate use of physical restraint. In each instance that physical restraint is used, the student’s parents will be contacted.

1. Definitions from Alabama Administrative Code:

   **Chemical Restraint** refers to any medication that is used to control violent physical behavior or restrict the student’s freedom of movement that is not a prescribed treatment for the student.

   **Physical Restraint** is direct physical contact from an adult that prevents or significantly restricts a student’s movement. The term physical restraint does not include mechanical
restraint or chemical restraint. School employees may provide limited physical contact and/or redirection to promote student safety or prevent self-injurious behavior, provide physical guidance or prompting when teaching a skill, redirect attention, provide guidance to a location, provide comfort, or provide limited physical contact as reasonably needed to prevent imminent destruction to school or another person’s property.

Physical Restraint that restricts the flow of air to the student’s lungs, including any method (face-down, face-up, or on your side) of physical restraint in which physical pressure is applied to the student’s body that restricts the flow of air into the student’s lungs, is prohibited in Alabama public schools and educational programs.

Mechanical Restraint, the use of any device or material attached to or adjacent to a student’s body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student, is prohibited. School employees may use adaptive or protective devices when recommended by a physician or therapist to promote normative body positioning, physical functioning, and/or to prevent self-injurious behavior. Seat belts and other safety equipment can be used to secure students during transportation.

Seclusion, a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others, is prohibited. The seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student, time-out as defined below, in-school suspension, detention, or a student-requested break in a different location in the room or in a separate room.

Time-Out refers to a behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used when: (1) The non-locking setting used for time-out is appropriately lighted, ventilated, and heated or cooled; (2) The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the student, but should not exceed 45 minutes per time-out; (3) The student is reasonably monitored and in line of sight by an attending adult; and (4) The time-out space is free of objects that unreasonably expose the student or others to harm.

2. Requirements of the Seclusion and Restraint Rule:

- The use of physical restraint is prohibited in Alabama public schools and educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. Notwithstanding the foregoing, physical restraint is prohibited in Alabama public schools and educational programs when used as a form of discipline or punishment or as a means to obtain compliance.
● All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress.

SEARCHES

Search of Property
Desks, lockers, and other equipment at any school belong to the Board of Education. Any school property, including electronic devices, may be searched by school administrators or designee. Law enforcement agencies are allowed to make periodic, unannounced visits to any local school for the purpose of detecting the presence of illegal drugs or other justifiable reasons. These visits may be unannounced to anyone except the local Superintendent and building principal. Further, school property may be examined by the school administrator/designee for other justifiable reasons. Students’ property such as backpacks, handbags, automobiles, electronic devices, etc., may be entered and searched by school administrators/designee whenever there is reasonable suspicion that some substance or material is contained therein which is illegal, harmful to the safety of students, or significantly disruptive to the overall discipline of the school or is evidence of a crime or violation of this code. Any items which are specifically prohibited by law or by Board policy may be impounded by school administrators/designee. Such prohibited items shall include, but not be limited to, the following: (1) knives of any size or type, including pocket knives, (2) other weapons, (3) tobacco/vapes, (4) drugs or drug paraphernalia of any sort, (5) alcoholic beverages, (6) pornographic material, (7) property that is alleged to belong to another party, and (8) unauthorized electronic devices (i.e., phones, iPads, etc.).

Search of a Student’s Person
When there is a reasonable suspicion that a search will yield evidence of a violation of law or Code of Student Conduct, an administrator or designee has the authority to conduct a search of a student’s person, including the check of coats, jackets, and other outerwear, shirt and pants pockets, purses and wallets, shoes, caps and hats, and other such items. An appropriate law enforcement officer may be called to conduct the search of a student’s person when an administrator has reasonable suspicion that the student is in possession of contraband, other items harmful to the health and safety of students and staff, or evidence of a crime or a violation of this code. The search shall be conducted in private by the police officer and in the presence of a school administrator or by a school administrator with another school employee present. Should items which are illegal or contrary to Board policy be found, the board’s discipline process will be followed.

DISCIPLINE CONSEQUENCES: Enrollment and Transfer Implications

Students who withdraw from Hoover City Schools while under review for a Class II or Class III offense will resume this review should he/she choose to re-enter any Hoover school in the future. Upon re-entry to any Hoover school, pending disciplinary consequences will be enforced.
If a student transfers into a Hoover City school and is under disciplinary actions at his/her former school, the recommendation for disciplinary actions from the former school will be applied.

**DRESS CODE**

The Hoover City Board of Education recognizes the effect of student dress upon safety and the learning environment. Parents have an important role in helping their children make appropriate choices regarding clothing, accessories, and personal appearance. In order to maintain a safe environment that is conducive to learning, attire considered disruptive or that seriously distracts from the learning environment or that could present a health or safety problem is not allowed. Failure to comply with the following rules will make the student subject to disciplinary action.

With this in mind, the following rules concerning dress and grooming are mandatory for all students attending Hoover City Schools. Students who fail to follow these rules will be subject to disciplinary action.

1. Any clothing, appearance, or personal hygiene and grooming practices that draw an inordinate amount of attention to the individual student are considered inappropriate for school. The dress and/or grooming style of any student must not interfere with the educational process of any Hoover City School.

2. Clothing should not reveal the body in an inappropriate manner. Clothing which is too tight, exposes the bust line, sides, back, or midriff area is prohibited.

No decorative dental appliances (whether permanent or temporary) or distracting contact lenses will be allowed.

9. T-shirts or any other type clothing or personal item bearing a reference to alcoholic beverages, tobacco products, drugs, drug-related slogans, and/or any other wording, drawing, pictures, etc., which in any way can be interpreted as being "off-color," suggestive, obscene, or offensive, or relating to, death, the occult, etc. are not permitted.

- If any aspect of the Dress Code becomes a consistent problem, appropriate adjustments will be made by the administration to address the situation.

CROWDFUNDING
Students may not use crowdfunding (such as Go Fund Me or like means) to raise money for a school fundraiser.

SCHOOL BUS BEHAVIOR EXPECTATIONS

Responsibilities of Students Transported on Buses
The School Bus Behavior Expectations enhance safety for all students, staff, and general public. The school bus is considered an extension of the classroom, and all Hoover City Schools rules apply.

Because bus safety depends on the driver being able to operate the bus in a safe manner, any student behavior that causes the driver to be distracted from safely operating the bus will be reported to the school administrator for appropriate intervention and discipline and may result in the student being removed from riding the bus for a period of time. Any student behavior that necessitates the bus stopping for the driver to correct behavior, restore order, or request
assistance from administrators or the police department will also result in the student being disciplined for the behavior and being removed from riding the bus for a number of days appropriate to reflect the safety breach and/or severity or repeated nature of the behavior. Repeated violations of the bus behavior expectations will result in increased disciplinary consequences and time the student is removed from riding the bus or permanent revocation of bus riding privileges. Should misconduct on a Hoover school bus create a danger to the driver or students, the bus driver is authorized to drive immediately to the nearest school for removal of the student(s) creating the danger or pull the bus into a safe area and request assistance.

Students and parents/guardians should note the following information:

1. Transportation services are a privilege and inappropriate conduct can result in a loss of that privilege.
2. Bus drivers are in charge of their buses at all times. Students will respectfully follow the directions of the bus driver and behave in a responsible manner which demonstrates respect for property and consideration for others while riding the bus.
3. Transportation is available to all Hoover City students who live beyond the legally prescribed two (2) mile walking distance from their zoned school or those students with authorized exception; therefore, only students authorized to ride the bus should do so. Students found to be riding the bus without authorization are in defiance of authority and will be disciplined accordingly.
4. Students are assigned to a particular school bus by the appropriate transportation personnel. Students are not permitted to ride any bus other than their regularly assigned bus. Students found to be riding the bus without authorization are in defiance of authority and will be disciplined accordingly.
5. There will be no transportation provided for students wishing to go to another address other than their assigned bus stop.
6. The location of all bus stops will be determined at the discretion of the Transportation Department. All requests for a new/change bus stop location must be made to the Transportation Department.
7. Only students living along a bus route will be assigned to the bus serving that route.
8. Transportation is not provided for in-district or out-of-district transfer students.
9. Video cameras are placed on all school buses as a tool for school personnel to monitor behavior, and shall not limit the bus driver’s authority or the discretion of school officials in implementing and enforcing the provisions of the Code of Student Conduct.
10. Any carry-on equipment (e.g., book bags, band instruments or uniforms, sports equipment or bags, science projects, school fundraiser items, personal items, etc.) must be held by the student owner or safely placed under the student’s seat and must not interfere with either the seating or the safety of other students on the bus (i.e., block any emergency exits).

**DISCIPLINARY INFRACTIONS PERTAINING TO STUDENTS TRANSPORTED ON BUSES**

Every student who utilizes transportation services is subject to the Code of Student Conduct. Violation of the Code of Student Conduct will result in disciplinary consequences and possible removal from riding the bus for a period of time or permanently.
Expectations for Student Behavior on Hoover School Buses

- Always follow the bus driver's/aide's instructions.
- Show respect for everyone.
- Remain seated in your assigned seat, facing forward.
- Keep your head and arms inside the bus.
- Keep your feet and backpacks out of the aisle.
- Keep your hands, feet, books, pencils, etc. to yourself.
- Keep voice at a low volume (inside voice) so that the driver is not distracted and can hear traffic warnings or other danger alerts.
- No eating or drinking on the bus. (Administrator may approve for documented medical reasons.)
- Students may use their cell phone on the bus. Music on electronic devices should be played through ear buds not a speaker. If cell phone behavior becomes an issue for the bus driver, the privilege to use the phone may be removed by the administrator (see infractions for inappropriate usage of technology).

Student Substance Abuse Intervention Program

HOOVER CITY SCHOOLS POLICY MANUAL - Substance Abuse

6.19 Student Parking Privileges – Substance Abuse

In order to promote the safety and welfare of students and others who work on or visit school campuses, to encourage the development of safe and responsible driving practices, and to serve the general purposes of maintaining a drug and alcohol free school environment, students will be granted the privilege of driving and parking on school property only if they are free of the effects of alcohol or other illegal or controlled substances. Accordingly, any student who desires to drive a vehicle on school property or park on school property may be required to submit to periodically or randomly administered sobriety or drug tests as a condition to issuance of a permit authorizing the operation or parking of a motor vehicle on school grounds. Principals may impose reasonable additional conditions or requirements for the privilege of driving or parking a vehicle on school property including, for example, conditions relating to maintenance of academic and attendance standards and the payment of fees. Principals may also establish priorities for issuance and assignment of parking permits. The Board reserves the right to require that sobriety or drug tests or screenings be passed as a condition to granting parking or vehicle permits, or privileges relating to use of a motor vehicle. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board’s substance abuse policies. All such testing or screening will be performed in accordance with local, state and federal laws, and procedures that are developed by the Superintendent.

6.20 Student Competitive Extracurricular Activity Substance Abuse Policy

In order to promote the safety and welfare of students who participate in competitive extracurricular activities, to insure that such participation is neither impaired nor any risk of injury exacerbated, to provide incentives to students to maintain safe and healthful
practices, and to promote a school environment that is free of alcohol and illegal drugs or controlled substances, the Board reserves the right to require any student who participates in extracurricular competitive programs or activities to submit to sobriety tests or screening for illegal drugs or controlled substances prior to, during, or following a competitive event, practice, competition, or at any other time while the student is under the supervision of the school system. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board’s substance abuse policies. All such testing or screening will be performed in accordance with local, state and federal laws, and procedures that are developed by the Superintendent.

6.13.2 Personal Property - Personal property, including but not limited to vehicles, purses, wallets, gym bags, book bags, and personal wireless communication devices may be searched by authorized school officials, including school principals or their designees, when reasonable suspicion exists that the property contains prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety or welfare of the school community.

6.13.3 Personal Searches - Students may be searched whenever reasonable suspicion exists that the student possesses prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety and welfare of the school community. Student searches must be conducted by a school administrator in the presence of another certified school employee and may include a frisk or “pat down” of the student, a search of personal items and clothing, or a more thorough search upon specific approval of the Superintendent. Personal searches will be conducted with due regard for the age and gender of the students. Searches that require physical contact between the school official and the students should be conducted in a way that preserves the dignity of the student to the extent practicable under the circumstances. Refusal to submit to a search or to cooperate in a search as provided in this policy may be grounds for disciplinary action.

6.13.4 Use of Recovered Items - Property, material, substances, information, or records that are obtained, discovered, or recovered as a result of a search may be retained and used for any lawful purpose.

HOOVER CITY SCHOOLS CODE OF STUDENT CONDUCT - Drugs and Alcohol

To constitute harassment, a pattern of behavior may do any of the following:

- Place a student in reasonable fear of harm to his or her person or damage to his or her property.

Consequences for Violations
Graduated consequences for any violation of this policy are outlined in the Class I, Class II, and Class III sections of this Code of Student Conduct.

Reporting, Investigation, and Complaint Resolution Procedures

a. Complaints alleging violations of this policy must be made on district approved complaint forms available at the principal and/or counselor’s office. The complaint must be signed by the student alleging the violation or by the student’s parent or legal guardian and delivered to the principal or the principal’s designee either by mail or personal delivery. At the request of the complaining student or the student’s parent or legal guardian, incidental or minor violations of the policy may be presented and resolved informally.

b. Upon receipt of the complaint, the principal or the principal’s designee will, in their sole discretion, determine if the complaint alleges a serious violation of this policy. If the principal or the principal’s designee determines that the complaint alleges a serious violation, the principal or the principal’s designee will undertake an investigation of the complaint. The investigation will entail the gathering of relevant facts and evidence and will be conducted in a reasonably prompt time period taking into account the circumstances of the complaint. If the investigation establishes a violation, appropriate disciplinary sanctions will be imposed on the offending student(s). Other measures that are reasonably calculated to prevent a recurrence of the violation(s) may also be imposed by the principal or the school system.

c. Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited, and are themselves a violation of this policy. Any confirmed acts of reprisal or retaliation will be subject to disciplinary sanctions that may include any sanction, penalty, or consequence that is available to school officials under the Code of Student Conduct. A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy will be subject to disciplinary sanctions as outlined in the Code of Student Conduct.

This policy is supplemental to other Board policies and procedures and does not repeal, replace, or supersede any other prohibition on harassment, violence, threats of violence, or intimidation found elsewhere in Board policy or procedure, including the Code of Student Conduct. This policy shall not be construed to allow harassment, violence, threats of violence or intimidation for any reason not specifically listed in this policy or to prohibit the Board from disciplining students for acts of harassment, violence, threats of violence or intimidation not specifically listed herein. Students who engage in harassment, violence, threats of violence or intimidation not specifically covered by this policy may be subject to appropriate disciplinary action in accordance with the Code of Student Conduct.

Reporting Forms
Forms to report bullying, harassment, or intimidation are available at the school.

ATTENDANCE/ABSENCES/EXCUSES/TARDIES

The Board believes that the right to attend public school places upon students the accompanying responsibility to be faithful in attendance. Regular attendance is essential for a student's successful progress in the instructional program. Failure to comply with attendance procedures can result in Educational Neglect and Truancy, Title 16-28-12, Code of Alabama.

All Hoover policies and procedures are in alignment with Alabama State Law. The right to attend school and arrive on time is the responsibility of both the student and the parent (in the case of children under 17 years of age). Nothing hinders student success more than absences, tardies, and checkouts. Nine (9) excused absences per year is the maximum number of parent notes that can be excused. Each case will be evaluated on an individual basis. Illness, when supported by a physician verification, may be considered as a mitigating circumstance. If you need further explanation of the policies, please contact your school’s registrar or principal.

Excused Absences

Absences are excused for the following reasons:
1. illness
2. death in the immediate family
3. inclement weather
4. legal quarantine
5. emergency conditions as determined by the Principal/Designee or Superintendent/Designee
6. permission of Principal and consent of parent
When a student returns, the parent must provide in writing within three (3) days of the student's return to school an excuse which includes the following:

1. a written statement from the parent or doctor stating the reason for the absence  
2. the date of the absence(s)  
3. the parent's signature  

After nine (9) absences in a year, Hoover City Schools may not excuse other absences unless verified by a physician explanation.

A form for anticipated absences can be found on the school's website.

**Unexcused Absences**

Any absence that does not fall under the category of Excused Absence is recorded as an Unexcused Absence. Any student with 5 (five) unexcused absences during the school year may be referred to Early Warning Court in the court division of the student's school zone.

**Absences are unexcused for the following:**

1. the student and parent fail to provide the above EXCUSED ABSENCE written statement with required information to the school officials within 3 days (including the return date) of the student's return to school;  
2. the student has been suspended

For unexcused absences, the student may only be permitted to receive credit for makeup work for major tests/assignments.

**Suspension** - School days missed as a result of suspension are considered unexcused; however, a suspended student will have the opportunity to make up and receive credit for major projects and tests (not daily assignments, homework, or quizzes). Grade level counselors will work with teachers to determine assignments that will be accepted and will communicate this to students. Students will have 3 days from the last day of the suspension to turn in assignments to their teachers at their base school. If a student is placed in Second Chance Alternative School (2C), the student is generally suspended 1-3 days prior to the placement. The student is responsible for completing the work missed during the time of suspension and getting the agreed upon work to the base school within the 3 day period.

**Excessive Absences**

If unexcused absences total five (5) days or more during the school year (not semester), the student may be referred to the District’s Office of Attendance. Hoover’s Student Services Representative and the Principal will proceed with the following:

1. investigate the reasons for the excessive absences  
2. meet with parent(s) and student to resolve the attendance problem  
3. refer the parent and student to the Early Warning Court of the student’s school zone and follow all policies and laws concerning truancy
Once truancy has been filed, all further actions reside with the Judge of Juvenile Court.

The Driver Improvement Unit of the Driver’s License Division in the Department of Public Safety will be notified of students who have more than ten (10) consecutive or fifteen (15) cumulative unexcused absences during a single semester and/or students who drop out of school under the age of nineteen (19). This notification is required by Alabama Code 16-28-40 (School Enrollment Law) and will result in suspending or denying the license or permit of the student.

**Tardies**

Being tardy to school greatly affects student success and routine. Once fifteen (15) unexcused tardies have accumulated during the school year, referral will be made to District Office and the same Early Warning Court procedures may apply. The school may also impose disciplinary procedures for excessive tardies. Tardies are considered excused for the same reason(s) as excused student absences. Excessive absences and tardies may result in a home visit from the School Resource Officer – Hoover Police Department and/or the Student Services Representative.

**Checkouts**

While checkouts from school are discouraged by the Board, necessary checkouts must be processed by the parent through the school’s office. The Board encourages that appointments not of a critical nature be scheduled for times and days when school is not in session. Checkouts are considered excused for the same reasons as excused absences. An unexcused checkout will be treated as a tardy.

When severe weather conditions exist, parents are asked to comply with emergency school dismissal procedures established by building level administrators.

**What to Expect for Excessive Absences and Tardies**
- A warning letter will be sent from the student's school.
- A School Administrative Meeting will be held.
- A home visit may be made by a School Resources Officer-Hoover Police Department and/or Student Services Representative.
- Continued excessive absences and/or tardies will require a parent/legal custodian to attend a district attendance intervention/meeting.
- Continued excessive absences and/or tardies will require a parent/legal custodian, along with the student if over 10 years old, to attend Early Warning Court in that school's jurisdiction.
- After attending Early Warning Court, if excessive absences and/or tardies continue, a petition for Educational Neglect and/or Truancy will be issued to the courts.

**Educational Neglect /Violation of Parents Responsibility Act (VOPRA)/Violation of Alabama Compulsory School Attendance Law (VACSAL)**

School personnel are considered “mandatory reporters.” If neglect is suspected or observed, a report MUST be made to proper authorities.
- Warrant issued for parent/legal custodian’s arrest
• Parent/legal custodian will be arrested and taken to jail. There will be a $2,500 bond.
• Parent/legal custodian will appear for a court hearing.
• If found guilty, the parent will be given a 90-day jail sentence.
• Court-ordered to make sure the child is in school every day and on time.
• If the child has unexcused absences, the parent could be ordered to spend 30 days in jail.
• If there continue to be unexcused absences, the parent could be ordered to serve the remainder of the jail sentence.
• The parent could lose custody of the children.
• Department of Human Resources (DHR) could be involved in the case.

**Truancy Case**

Age 12 and up - The student may be prosecuted.

Possible Consequences –

- Electronic Monitoring
- Adolescent Substance Abuse Program
- H.I.T. program (Boot Camp)
- Out of Home Placement
- Department of Youth Services (DYS)
- Suspended Driver’s License

**USE OF DIGITAL DEVICE DURING THE ADMINISTRATION OF STATE TEST**

The possession of a digital device (including but not limited to cell phones, MP3 players, cameras, or other telecommunication devices capable of capturing or relaying information) is strictly prohibited during the administration of a secure test. If a student is observed in possession of a digital device during the administration of a secure test, the device will be confiscated.

If a student is observed using a digital device during the administration of a secure test, testing for the student will cease, the device will be confiscated and is subject to search, the student will be dismissed from testing, and the student’s test will be invalidated.

Local education agency (LEA) personnel will make all students, parents, and/or guardians aware of this prohibition through inclusion of this policy in the Code of Student Conduct Handbook and other regularly used modes of communication.

**COMPUTER ACCESS AND USE BY STUDENTS**

Hoover City Schools uses instructional technology as one way of enhancing the mission to prepare and inspire all students for lifelong success by teaching the skills, knowledge and behaviors students will need as responsible citizens in the global community. Excellence in education requires that technology is seamlessly integrated throughout the education program. In an effort to increase access to those 21st century skills, HCS has made it a goal to offer students 24/7 accessibility to their learning through this “Engaged Learning Initiative” (ELI). The individual use of technology is a way to empower students to maximize their full potential and to
prepare them for college and the workplace. All students in grades 3-12 have the option to receive a district-issued device for their use.

Students may be required to pay for any repair and replacement damages, including labor costs. In addition, the student’s privilege to bring personal technology to school and/or use district-issued technology while on school property may be revoked.

Summer use of technology is a privilege and could be revoked for inappropriate use.

**ENGAGED LEARNING INITIATIVE Agreement**

[www.hcseli.com](http://www.hcseli.com).

It is the responsibility of each HCS student and parent to read and abide by the Engaged Learning Initiative Agreement during registration each year.

**Technology Acceptable Use Agreement**

The most current Acceptable Use Agreement can always be found at this address: [www.hcseli.com](http://www.hcseli.com).

By signing the Code of Student Conduct you are agreeing to the terms of the Acceptable Use Agreement.

It is the responsibility of each HCS student and parent to read and abide by the Technology Acceptable Use Agreement.

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) (Act 99-34)**

The Family Educational Rights and Privacy Act ([FERPA](https://www.hcseli.com)), a Federal law, requires that Hoover City Schools obtain written consent from parent/legal guardian prior to the disclosure of personally identifiable information about a child’s education records. However, Hoover City Schools may disclose appropriately designated “directory information” without written consent, unless the parent/legal guardian has advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow Hoover City Schools to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy, can also be disclosed to outside organizations without parent/legal guardian written consent. Outside organizations include, but are not limited to, companies that
manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Acts of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses, and telephone listings for students – unless parent/legal guardian has advised the LEA that they do not want the student’s information disclosed without prior written consent.

If parent/legal guardian does not want Hoover City Schools to disclose directory information from the child’s records without prior written consent, the parent/legal guardian must notify the child’s school in writing prior to the end of August of the current school year or no later than two weeks after enrollment. Hoover City Schools has designated the following information as directory information:

- Student’s name
- Participation in officially recognized activities and sports
- Address
- Telephone listing
- Weight and height of members of athletic teams
- Electronic mail address (email)
- Photograph
- Degrees, honors, and awards received
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- The most recent educational agency or institution attended

Transfer Court Order

On December 14, 2017, the Court entered an order giving final approval to the Hoover City Board of Education’s rezoning plan. (Doc. 91). In that order, the Court instructed the Board to work with the plaintiff parties to develop and propose a revised transfer policy that includes racial desegregation transfers. (Doc. 91, p. 5). The parties have conferred and presented to the Court a proposed transfer policy.

On February 3, 2016, for administrative purposes, the Court directed the Clerk of Court to create a miscellaneous case number to allow the parties, the public, and the Court easier access to docket entries relating to the Hoover school district in Stout v. Jefferson County Bd. of Educ., Case No. 2:65-cv-396-MHH. The miscellaneous case number is 2:16-mc-199-MHH. The Court did not sever the Hoover system from the original Jefferson County school desegregation action. Unless otherwise noted, in this opinion, the Court cites to documents contained in miscellaneous case number, 2:16-mc-199-MHH.

The Board has asked the Court to approve the amended policy. (Doc. 101).

The transfer policy that the parties proposed has a spring deadline for transfer applications. To enable eligible families to apply for transfers for the 2018-19 school year, the transfer provisions in this order shall govern transfers for the 2018-19 school year. The substantive provisions of this order will become the district’s official transfer policy for future academic years.

For the 2018-19 school year:
Students may apply to transfer to a school other than the school for which they are zoned. Transfers are limited to the following categories and are subject to the following requirements:

a. **Racial Desegregation Transfers.** A racial desegregation transfer will be permitted between eligible schools within the Hoover district if there is space available and if the transfer will have the effect of moving the racial composition of both the sending and receiving schools closer to the district-wide racial composition. For purposes of racial desegregation transfers, eligible schools are (i) those schools for which the racial composition of zoned African American students in the school is outside a range of 5 percentage points higher or 5 percentage points lower than the district-wide racial composition for African American students, (ii) Simmons Middle School, and (iii) Bumpus Middle School. By May 30, 2018, the Board must identify and publicize the names of the “eligible schools” for the 2018-19 school year.

   Racial desegregation transfer applications that are approved for the
2018-19 school year shall also be approved for each succeeding school year until the student moves up to a different school serving grade levels different from the school to which the transfer was first granted.

b. **Substantial Hardship Transfers.** The district may approve a substantial hardship transfer for the 2018-19 school year if a student or a student’s family demonstrates a substantial, extraordinary, and compelling hardship; the hardship is unique to the student or his/her family; and the hardship necessitates the assignment to a school other than the school to which the student is zoned. Each hardship transfer application must be supported by detailed documentation, and the district must use that documentation to evaluate the transfer request. When evaluating a substantial hardship transfer application, the district must consider (i) the validity of the stated hardship; (ii) whether the receiving school is best able to address or alleviate the stated hardship; (iii) whether other students with similar hardships have been granted hardship transfers; and (iv) whether transferring similarly situated students to such receiving schools proved beneficial. Hardship transfers are valid only for the school year for which they are approved. Transfer students who wish to remain at the school to which they transfer for the 2018-19 school year must re-apply for a hardship transfer each year and submit to the Board current information documenting the stated hardship and the necessity of the transfer.

The following are examples of the types of situations that may warrant the granting of a hardship transfer: incarceration of a parent; terminal illness of a parent; natural disaster; and medical or health problems suffered by the student that make it necessary for the student to attend a specific school.

A hardship transfer must be based on unique circumstances, and the Board’s designee must evaluate each application independently to determine if the application identifies a legitimate and unique hardship. The Board will provide an appeals procedure to prevent an abuse of discretion in the application process.

With respect to documentation, parents must provide a detailed description of the stated hardship and attach to the student’s transfer application supporting documents such as letters of support from doctors or authorities who can (i) confirm the hardship, (ii) describe the condition that causes the hardship; (iii) explain why the stated hardship requires transfer of the student to another school, and (iv) state how the condition will be accommodated by the new school.

c. **Employee Transfers.** The district may approve an employee transfer for a student if (i) the Board employs the student’s parent or guardian on a
full-time basis, (ii) the student resides with the employee parent or
 guardian, (iii) the employee parent or guardian has custody of the
 student, (iv) space is available at the school to which the transfer is
 sought, (v) the school to which the transfer is sought is within the
 high school feeder pattern to which the employee is assigned, and (vi) the
 student meets established attendance, academic, and behavioral
 criteria. If an employee is not assigned within a feeder pattern, then the
 district may approve a transfer to a school in either high school feeder
 pattern, but any such transfer must also meet the criteria for Racial
 Desegregation Transfers.

d. Transportation. The Board will provide transportation for racial
desegregation transfer students from the student’s zoned school to
and from the eligible school to which a transfer is approved. The Board
may elect to provide transportation from a student’s home to the
school to which the transfer is approved or from such school to the
student’s home, or both, if in the Board’s discretion, it would be more
efficient and in the best interest of the school district and the student
to do so.

The availability of transportation under this provision will be
determined by application of the customary guidelines and procedures
applicable to other students assigned to the student’s zoned school. If
a student would not be eligible for transportation to his or her zoned
school – as a result of the two-mile rule, for example – then the
student still is not eligible for transportation to the zoned school under
this provision, but the student would be eligible for transportation from
the student’s zoned school to the transfer school. In that scenario, the
parents/guardians are responsible for transportation to the zoned
school where the student may meet the bus to ride to the transfer
school.

e. Capacity. If, because of school capacity, space is available
in a particular school to accommodate some but not all of the
students who apply to transfer to that school, then the Board shall
allocate available spaces based on the following priority system:

1. Substantial hardship transfers;

2. Employee transfers and new racial desegregation
 transfers. The Board must provide an equal number of
 spaces for racial desegregation transfers and employee
 transfers.

If space is not available to accommodate all applicants within the
transfer categories using the priority system, then the Board must use
a lottery system to identify students who may transfer.

If the number of transfer applications for a particular school exceeds the number of slots available at that school, then the Board shall create a waiting list. If a student who receives a transfer elects not to use the transfer, then the Board shall offer the slot to the first student on the waiting list. The Board shall fill available slots for transfer in this manner until all eligible transfer applicants receive a transfer or all available slots at the subject school are filled.

For purposes of this policy, a school will be deemed to have capacity to accommodate transfers if the school does not exceed 95% utilization, based on the Board’s building capacity formula. To calculate capacity, the average current class size will be multiplied by 85% to calculate the typical number of students per instructional space. The 85% factor allows for small groups that meet in instructional spaces during the day for special education, enrichment, second language, speech language, and intervention. The total number of instructional spaces will then be multiplied by 16 (for elementary schools) or 21 (for middle or high schools) to get the building’s student capacity. A capacity of 95% or above indicates that a building may be close to being over-utilized.

f. Behavior, Attendance and Academic Criteria. Substantial hardship and employee transfers shall be subject to the following criteria and may be revoked or denied if all criteria are not met:

1. Regular attendance – Student must not be enrolled in the District Truancy Program.

2. Satisfactory grades - Student must not receive a “D” or an “F” for the school year in any class.

3. Satisfactory behavior - Student must not be determined to have committed a “Class III” offense (See Code of Student Conduct).

g. Administrative Assignments. The following categories of students may attend a school other than the school to which they are assigned without requesting a transfer:

1. Students receiving exceptional education services or accommodations under 504 or IDEA may be assigned to a school outside of their attendance zone, if necessary, to meet the Board’s obligations under state and federal law.
2. Students attending the IB program, a curriculum offering Available only at a specific school, or other curricular programs or options unique to a particular school.

3. Students who are administratively assigned to a different school by the superintendent as a result of safety concerns, for disciplinary reasons or other reasons determined to be necessary for the health, safety, and well-being of the individual student, other students, or the school system.

h. Change of Residence. A student who moves to another address within the district during the school year may continue to attend the school he or she started in that school year until the end of the school year, provided that the student moved after the completion of the first four weeks of school, the parents or guardians complete the appropriate form updating their address and submit it to the school where the student attends within 7 days of establishing the new residence, and the student meets attendance, academic and behavior criteria. Students who move during their 11th grade year to another address within the district shall be permitted to attend the school attending in the 11th grade during their 12th grade year as well.

When a student moves to another address within the district during the school year, a parent/guardian must complete an appropriate form updating the student’s address within 7 days of establishing the new residence. The form will include a statement acknowledging that the student no longer is zoned for the school the student attends and that he/she must attend the zoned school the following academic year. This provision applies to students who move at least four weeks into the school year; it does not apply to families who move during the summer.

i. Application Deadlines.

For the 2018-19 school year, on or before June 1, 2018, through its website, social media accounts, and Rapid Notification System, the Board must begin advertising the availability of transfer applications and the deadline for submission of those applications. On or before June 1, 2018, the Board shall post a copy of this order on its website and on its social media accounts, and the Board shall publish in those places the language in this order that describes the categories of transfer applicants: racial desegregation transfers, substantial hardship transfers, and employee transfers.

On or before June 1, 2018, the Board must make an electronic transfer application form available on the school website and must
make paper forms available at all schools in the district. A parent/guardian must submit a transfer application so that the district’s Department of Student Services receives the application on or before **June 18, 2018**.

The Board may consider untimely applications only in the following situations:

1. Substantial hardship which arises after the deadline for submission.

2. Employees hired after the application deadline; however, a transfer application for an employee’s child must be submitted and received by the district’s Department of Student Services within two weeks of the effective date of hire.

3. Students who move into the district from outside of the district after the application deadline, provided that a transfer application is received by the district’s Department of Student Services within two weeks of the date that the new residence is established.

j. **Appeals.** Denied applications may be appealed in writing to the superintendent or designee for review. The written appeal shall state all grounds upon which the appeal is based. The decision of the superintendent or designee is non-appealable and shall be final.

**DONE** and **ORDERED** this May 22, 2018.

UNITED STATES DISTRICT JUDGE
Glossary of Terms

Administrative Intervention
A conference will be held between the administrator and the student to address the inappropriate behavior. This will provide an opportunity for discussing possible alternatives available for the student to correct the misbehavior.

Administrative referral to other school personnel
The administrator may refer students to the counselor, interventionist, or other support personnel in an effort to support a change in the student's behavior.

Bus Suspension
A student who commits a Class II or III Offense on the bus or at the bus stop may lose the privilege of riding the bus for a period of time. The period of time that a student is suspended from riding the bus may range from one day to permanent removal of bus riding privileges. Bus suspension does not replace consequences for the student's violation of the Code of Conduct but is assigned in addition to disciplinary consequences because any disruption on the school bus can distract the bus driver and compromise the safety of other riders.

Detention
A student may be detained for disciplinary purposes before, during, or after school and will be under the supervision of a certified school staff member.

Driving Privileges
Driving a vehicle to school by students is considered a privilege, and this privilege may be revoked at the discretion of the administrator.

Friday Night/Saturday School
A student may be assigned Friday night or Saturday School from one to four hours and will be under the supervision of a certified school staff member.

Intensive School Supervision (ISS)
A student may be temporarily denied attendance in regular classes for disciplinary purposes. A student assigned to ISS will continue to come to school and receive credit for completed assigned work; however, he/she will be isolated from the school's student population. While in ISS, a student may not attend any school district activities until the ISS assignment is completed. Parent/guardian notification of the ISS placement will be made.

Long-Term ISS
Long-term ISS is designed for students whose behavior warrants removal from the regular school program for an extended period of time (typically from 10 - 25 days). Students will be prohibited from attending or participating in any school district activities during the time assigned to long-term ISS. Students will receive credit for all work completed during the assigned long-term ISS placement.
Out of School Suspension (OSS)
A student may be temporarily denied attendance at school for disciplinary purposes. A school administrator may assign out-of-school suspensions. Students served by an Individual Education Plan are limited by law to a maximum number of days of out of school suspension in a given year. A suspended student shall not attend school or any school-related activities on or off Hoover City Schools property during the suspension nor enroll in another Hoover City school until the suspension is completed. A suspended student will not return to regular classes on the day of the suspension but will leave school only when the parent/guardian or other proper authority assumes responsibility for the student. A school conference shall be convened prior to the student returning to classes and will include the student, a parent/guardian, an administrator, and other appropriate persons.

Suspended students will be provided the opportunity to make up and receive credit for major projects and major tests that were missed. Grade level counselors may work with teachers to determine assignments that will be accepted and will communicate this to students.

Procedural due process
The student is afforded the opportunity to share his/her account of what occurred with an administrator.

Recommendation for Expulsion
Serious misconduct or continuing misconduct of any student may be referred to the Superintendent or designee with a recommendation for expulsion. After review of the case, the Superintendent or designee may uphold the recommendation or refer the case back to the principal for reconsideration.

The Board has the exclusive authority to expel a student from school. The Board shall convene a hearing and shall render a decision within ten (10) academic days of the Superintendent's recommendation to expel. A student shall remain suspended from school pending the decision. The Superintendent or designee shall notify the parent/guardian, in writing, of action taken by the Board.

Required Parent Conference
A student whose behavior requires parental/guardian intervention may be asked to remain at home until a conference is convened with the student, a parent/guardian, and an administrator.

Restitution for Damages
A student or his/her parent may be assessed the exact amount of replacement, repair, and/or service costs from discipline violations that result in damage to school property. In addition, disciplinary action may be taken. A parent/guardian contact will be made and a payment schedule determined by the student, parent/guardian, administrator, and other appropriate persons. If restitution is not made, the Assistant Superintendent of Administration will be notified for further action. Hoover City Schools is not responsible for restitution when a student’s personal property is damaged or lost due to the action of another student.
Second Chance Alternative School Placement (2C)
Under certain conditions, the Board authorizes the placement of students in the Hoover City Schools alternative school program, called Second Chance (2C), as a lesser consequence than expulsion. This program may be housed in a facility separated from any of the regular school programs. Students assigned to 2C will be suspended for 1 to 3 days during which a required Intake Conference must occur before the student begins the 2C placement.

Second Chance (2C) is a program designed for students who commit Class III offenses, transfer to Hoover City Schools with an unserved alternative placement pending, or have been arrested for a felony that has not completed adjudication through the judicial system. Parents/guardians of all students placed in the Second Chance Program will be given written information and rules for the program at the required Intake Conference with designated Alternative School personnel. The student and a parent or legal guardian, as determined by school records, must be present together for the Intake Conference. While assigned to the program, students are not allowed to return to their base school or any Hoover City school, nor are they allowed to participate in any extracurricular activities. While attending 2C, students are required to wear a designated school uniform. Transportation to 2C is the sole responsibility of the parent/guardian who must identify in writing a transportation provider who is 21 years of age or older. Students assigned to 2C may not transport themselves to school. Continued Code of Conduct violations by a student while assigned to 2C may warrant a recommendation for expulsion.

School Assigned Community Service
A student may be assigned community service for disciplinary purposes and will be supervised by a certified Hoover City Schools staff member assigned by an administrator.

Supervised Plan for Correction of Misbehavior
A supervised plan for correction of misbehavior may be designed to address persistent, disruptive, or continued disregard for general school rules. This plan will be designed by the school administrative team and documented in the student’s discipline record.
